For sale town house very close to Loreto street, old town area. The house requires renovation but has a lot of charm for vacation rental or to use as a vacation home/second residence. It has a decent living room, a closed kitchen, inside which there is a toilet with a bathtub. There are 2 double bedrooms, with very good light and a 3rd independent bedroom. It also stands out that it is a very cool apartment due to the little light it receives directly and that there is a roof directly above it, **NO NEIGHBORS ABOVE!** From the living room we open onto a small laundry room that in turn leads to an open patio with an exterior staircase to a walkable terrace where we find the 4th bedroom. **PRICE: 179.000 €**
