Fantastic brand new apartment sold in 2018 to its first owner. New new, 0 renovation. Large living room where the open kitchen is located, a toilet and, it is possible to take out the third bedroom without losing too much living room. It would still be bright and with a more than decent surface. The entrance to the apartment has a 4m2 covered terrace which can be glazed and used as a second room. Via an internal staircase you access the two double bedrooms, one with an en-suite bathtub and the other with a separate shower. The house is a ten and more than deserves to be visited; It has a surface storage room next to the house, gym and community pool and underground parking. The complex is located in La Pedrera, a small neighborhood next to the Denia hospital and 1km along a 24/7 illuminated bike path from Denia.
